

## **Report on inauguration of Career Clinic & training on resume writing**

Date :28<sup>th</sup> August 2019

Target Group :All Core Students

Organised by :Career Counselling, Placement and Student Support Cell

Sponsored by : RUSA

### **Short Report:**

As resolved by the organising cell in its meeting, the career clinic was inaugurated for the very first time in our college. The purpose of initiating this cell is to give professional guidance to our students regarding the course of studies they are to partake as they leave the college and also offer them avenues in job-seeking. The core students of all streams gathered at the auditorium to listen to a lecture on career awareness delivered by Mr Lalhrulaitluanga who is a licensed consultant from Zo careers. The chairman of the organising sub-committee Mrs Zodinpuii chaired the function. The institutional Co-ordinator Dr.R Lalengmawia gave a speech and declared the career clinic opened. The clinic will be open to all students on the last Wednesday of every month and Mr Lalhrulaitluanga will be lending his expertise to any student of the college in need of counselling

The second session was used for hands-on training on resume writing conducted by Mrs Lalrinsangi Nghinglova. Students were taught the techniques of resume writing and were made to write a resume which will be submitted to the sub-committee for placement procedure.
