

GOVT. ZIRTIRI RESIDENTIAL SCIENCE COLLEGE**REPORT ON THE INTERNATIONAL WEBINAR ON THE
CELEBRATION OF WORLD ENVIRONMENT DAY, 2021**

- Date : 5th June, 2021
Time : 8.000pm – 10.00pm
Platform : **Zoom Video Communications, Inc.**
- THEME** : **Ecosystem Restoration: Re-imagine, recreate and Restore**
- Chairman/Host : Dr. Lalzahawmi Chenkual
Associate Professor.
- Keynote Address : Prof. B. Zoliana
Principal
- Resource Person : 1. Dr. Lalmuansangi
Ecosystem Management Services,
Mizoram University, India
2. Dr. R. Lalneihpuii
Assistant Professor
Department of Chemistry
Baranas Hindu University, India
3. Zohlunchhungi
Hydrologist, Technical Officer
Newcastle Upon Tyne, United Kingdom.
- No. of Participants : 204

Organizers: Department of Zoology, in collaboration with Research and Seminar Committee, Govt. Zirtiri Residential Science College.

The Programme was chaired by Dr. Lalzahawmi Chenkual, Associate Professor. Head of Department of zoology, and Chairman of Research and Seminar Committee.

Keynote Address: The Principal Prof. B. Zoliana gave a keynote address and he stressed about the importance of ecosystem restoration. He thanks the organizers and resource persons for their efforts for the success of the international webinar

There were 3 resource persons:

1. Dr. Lalmuansangi, Ecosystem Management Services, Mizoram University

Topic: Ecorestoration of surface water with special reference to Mizoram- an overview

2. Dr. R. Lalneihpuii, Assistant Professor, Department of Chemistry, BHU

Topic: Plastic waste pollution: Current Consensus and Future Trends

3. Zohlunchungi, Hydrologist, Technical Officer, Newcastle Upon Tyne, UK

Topic: Importance of Hydrological Studies for Sustainable Environment Management

All the resource persons were given about 20 minutes each. All of them had done very well. Their presentations were very informative and very interesting. They addressed the relevant and highly burning topic of water scarcity faced during this year. After all the presentations were over, there was a time for questions and answers, and a time for discussion, in which the participants reacted and reflected upon the presentations.

EXPENDITURE: There was no expenditure incurred for this webinar as all the resource persons agreed happily to share their knowledge and expertise for the purpose of ecosystem restoration along with their presentations, free of cost.
