Mode : Online
Platform : Google Meet
Organizer : Department of Electronics & Research and Seminar Committee
Govt. Zirtiri Residential Science College
No. of Participants : 101
Resource Person : **Dr. Rudra Sankar Dhar**
B.E. (Ind), M.Phil. (UK), Ph.D. (Can), Postdoc (Can), FIETE
Coordinator Innovation Cell and Ex-HoD
Department of Electronics & Communication Engineering
Sole-PI DST Nano Mission project
National Institute of Technology Mizoram
(An Institution of National Importance under MEd, GOI)
Chaltlang, Aizawl, Mizoram, 796012
Sponsored by : Received fund of Rs. 1500 from Research and Seminar Committee, GZRSC

National Webinar on “Contemporary Technology for future Nano-FETs” was held on 16th December, 2021 at 2PM to 3PM through online Google Meet mode which was organized by the Department of electronics in collaboration with Research and seminar Committee, GZRSC. *Dr. Rudra Sankar Dhar, National Institute of Technology Mizoram (NIT Mizoram)* was the invited resource person whose designation is mentioned above. The webinar started at 2PM by the host *Dr. Ricky Lalhmangaihzuala, HoD, Dept. of Electronics, GZRSC* with a warm welcome speech. He then introduced and invite the resource person to utilized his time as he pleased. The resource person educated and enlightened the participants about the latest trend in electronics technology specifically about the Nano-FETs (Field Effect Transistors) various upcoming structures and fabrication technologies throughout his presentation. Few students clarified their queries during the Q & A session. The webinar was ended with a Vote of Thanks given by the host.
