CITIZENS' CHARTER
GOVT. ZIRTIRI RESIDENTIAL SCIENCE COLLEGE: AIZAWL

PREAMBLE

To ensure a transparent, accountable and functional relationship between the institution and the other stakeholders, this citizens' charter is formulated and published in view of the current capacity of the administrative staff and faculty of the college. The Charter has been framed with the objective of providing better quality of higher education to all the youth of the state through the multiplier effect of such qualitative education.

VISION

Endeavoring to live true to the motto "Lighted to lighten", it is the vision of the institution to impart knowledge and skills to students and facilitate them to disseminate their knowledge to the society. The defined goal of the college is to ensure quality education for empowering the native people- educationally backward in science and promoting Science education by enhancing the status of science and technology.

It is the vision of the college to act as a catalyst that brings about change and kindle a ray of light where there is darkness. It is envisaged that the knowledge and skills gained from the institution, with the degree obtained, would facilitate students for future employment opportunities.

MISSION

Govt. Zirtiri Residential Science College has been established by the government to be the first science college with a view to cater to the need for undergraduate-level science education in Mizoram. The college has endeavored to execute and disseminate quality education in various fields of science and technology.

GOALS AND OBJECTIVES

The principle goal is to cater to the need for higher learning in the college level in various fields of science education in Mizoram. It is envisaged that the knowledge and skills gained from the institution, with the degree obtained, would *facilitate students for future employment opportunities*. The main objectives of the college are:

a) To be at par with esteemed colleges outside the state in terms of teaching-learning process and, also in terms of research output.
b) To continuously strive to provide a platform for more choices and opportunities, particularly for students who cannot afford to pursue higher studies elsewhere.
