Short Report:

The meeting was held in three sessions. The first session was chaired by Dr. R Lalengmawia, Vice Principal, GZRSC. He gave a welcome address to the IBM team. There are four personnel coming on behalf of the IBM. He then called Mrs Akshaya Jalasteen, PO, Ministry of Skill Development, Government, She introduced her teammates and gave a keynote address. The session was handed over to the resource persons. The IBM Skillbuild project is a project under District Skill Committee (DCS), Aizawl for both school and college. The implementing agency is CSRBOX (www.csrbox.org). Its aim is to build digital skills, workplace skill and life skills. They have offered more than 7500 courses at free of cost. It is aligned with New Education Policy. Students can choose any course and at the end of the course, they will give digital badges and certificate. There will be a regular workshop depending on the college acknowledgement. Also, a self-learning platform in which students can take up any course online at free of cost. At the end of the course, there will be an assessment test in which the student can get a certificate based on the performance. The self-learning course comprise of technical skills (AI, Blockchain, Cloud computing, cyber security, data science, IOT etc), Workplace Skills (professional skills, Design thinking, digital literacy, financial literacy, problem solving, entrepreneurial mindset etc) and expand your horizons (art, illustration and design, equity, philanthropy, media-photo and video etc).

Student can benefit the program by taking as many course they can and get free certification and badges, soft skill and professional skill development, internship with IBM,

placement support for active students, best student coordinator will get certificate and CSRBOX National Level Recognition.

The next two session was chaired by Mr Lalrinmawia, Associate Professor and chairman of ICT Committee, GZRSC. There was light refreshment at the end of each sessions. The meeting was ended at 2:30pm.
