II. Activity Summary: A two-day Hands-on Training on Water Quality Assessment was conducted on 29–30 January 2026 at the Mizoram Pollution Control Board, Aizawl. The programme included theory sessions, practical hands-on training, and interactive discussions to strengthen participants' understanding of water quality monitoring and assessment. The training concluded with an interactive and valedictory session, and was found to be informative and beneficial for enhancing practical skills.
