

Seminar Report on

"The Future of AI: Trends, Challenges, and Opportunities"

Date: **11th September 2024.**

Time: 1:15pm

Venue: Room No. 203, Block 2

Organised by: Department of Computer Science and Electronics at GZRSC

No of Participants: 106

Faculties: 8

Students: 88

Participants are students from department of computer science and electronics, GZRSC.

The seminar was chaired by **C. Lalrinawma**, Head of the Department of Computer Science, who welcomed the participants and introduced the **Resource Person, C. Lalmangaiha**. He is currently working as a senior programmer in MSegs, Dept of Information and Technology, Government of Mizoram. He was accompanied by his colleague who is also a software and game developer from MSegs. In his opening remarks, the chairman highlighted the importance of understanding the latest trends in AI as the technology continues to evolve rapidly.

Key Highlights of the Seminar

1. Emerging Trends in AI:

Mr. C. Lalmangaiha provided an insightful overview of the current advancements in AI, including machine learning, deep learning, natural language processing, and AI in robotics. He explained how these technologies are shaping industries such as healthcare, finance, and transportation, and how they have the potential to revolutionize human interaction with machines.

2. Challenges in AI Implementation:

While the opportunities in AI are vast, the resource person also pointed out several challenges, such as data privacy concerns, ethical issues, and the lack of skilled professionals. He emphasized the need for robust frameworks and regulations to ensure that AI technologies are developed responsibly.

3. Opportunities for Growth:

The resource person also focused on the immense opportunities for growth in AI, particularly in research and development, and its role in boosting the global economy. He encouraged students and young researchers to explore careers in AI, noting that the field is expected to create numerous job opportunities in the coming years.

The seminar concluded with a lively **Q&A session**, where participants engaged with the speaker, raising queries about AI's future role in education, business, and public policy.

The event concluded with a **vote of thanks** by **Lalhruaitluanga**, assistant professor, Dept. of Computer Science, GZRSC who expressed gratitude to the resource person, the chairman, and all participants for making the seminar a success. The seminar ended at 2:30 pm.
