

Visit to Shalom Special School – Activity Report

Date: 14th March 2025

Place: Shalom Special School, Serchhip

Number of Participant : 11

Faculty: 7

Semester: VI semester Home Science student

Shalom Special School currently has 30 registered children, each with different ages and challenges. During our visit, the school was on vacation following the final examinations. However, one of the teachers warmly welcomed us upon our arrival.

We were guided to the only classroom in the school. After settling in, the teacher shared with us the inspiring story of the school's establishment, their ongoing efforts, the management involved, and the people who contributed to their school management.
